Chief of Station, ^{25X1A6a} [REDACTED] undertake a realignment of assignments that will free him personally to concentrate on the management of the Station and to provide firm and perceptive leadership to his staff.

DD/P Comment

Concur.

This recommendation has been forwarded to the Chief of Station, ^{25X1A6a} [REDACTED] for appropriate action. It should be noted that the Chief of Station has a sensitive complicated liaison setup and necessarily must handle personally the top liaison contacts. With the arrival of an experienced deputy more delegation should be possible.
